Rich or poor or proud and handsome,
Even you can read this Chanson.
By no law of luck or chances,
Every tooth you save enhances,
All your smiles and conversation,
Renders joy to all relations.
Don't despair when teeth are aching,
Save them, all their shapes remarking,
Life's prolonged and health extended,
Every time a tooth is mended,
You will find your joy remedied,
Dentist I "my crown" reveals it.
Every art by art conceals it,
Nature gave all in good season,
Teeth to eat with minds to reason,
Is it her fault, yours or mine,
Shall their loss be mine or thine,
Thou shalt know in all good time.

G. A. R. POST IN ENGLAND.

There is Room for Several of Them in Europe.

At the petition of 20 residents of Oldham, in Lancashire, Joseph E. Sewell, department commander of the Grand Army of the Republic for this state, will shortly organize a post there. It will be not only the first G. A. R. post in England but in Europe. Of the 20 petitioners, 10 are in the United States at the present time, four are in Canada, one in Honolulu and one in Peru.

So far as the pension commissioner's figures go, there is room for a number of G. A. R. posts in several of the leading countries of Europe. According to the official figures for 1908, 370 pensioners were living in England, 481 in Ireland, 92 in Scotland and 19 in Wales, a total of 942 for the United Kingdom. Oldham, where the new post is to be instituted, represents only a small group.

In Germany there are 581 pensioners on the rolls, in France 59, in Italy 41, in Denmark 34, in Sweden 57, and in Austria-Hungary 24. Even so far away as Australia there are 74. Peru, where one of the six foreign posts exists, shows only eight pensioners.

All told, of the 951,687 pensioners classified in the pension commissioner's report 5,047, or a little over one-half of 1 per cent, are in foreign countries. The natural inference is that while some of these may be widows, the greater part are veterans of the Civil war who have returned to their native country.

Press for Weather Bureau.

The weather bureau on the eighth story of the Malby building, New Haven, is to be equipped for printing operations. A small press has been installed and the reports of the weather which are sent out daily will soon be printed on this press. Forerunner states that it has been necessary to secure facilities for more rapid printing of the reports on account of the increased demand for the same.

250TH ANNIVERSARY JUBILEE BOOK.

A History of the 250th Anniversary Celebration of Norwich, fully illustrated, and bound in leather or cloth, will be published by The Bulletin Company. Those desiring a copy will please send their orders at once, as only a limited edition will be printed.

DANIELSON AND PUTNAM NEWS.

DANIELSON

Honors for A. H. Armington—Worsted Mill to Start—Possibilities of New Water Power Company—Rifle Team to Practice at Local Range.

Miss Charlotte Carpenter is visiting friends in Hartford. Thomas Curtis has been a recent visitor in Providence.

Dr. George M. Burroughs was in Boston Wednesday.

George Heneault and John Heneault, the latter of New London, will spend the next two weeks at Oakland beach.

Misses Hannah and Grace Dean of Taunton have been guests of Mr. and Mrs. Simpson Danielson.

Mrs. R. N. Colvin has gone to Chester, Vt., where she will spend the remainder of the summer.

Returns After Twenty-five Years.

Charles Chapman of Somerville, Mass., is visiting relatives in town for the first time in twenty-five years.

Mr. Chapman was formerly a resident of Danielson and is a relative of Mrs. William Chapman of the West Side.

Won Prizes at Baby Show.

Danielson babies made a good showing at the baby show at Wildwood park Wednesday afternoon. Four were prize winners in three different classes.

The name of one of the winners is Chester Chomte, not Comtee, as printed Thursday.

NEW R. F. D. CARRIER

Will Leave Office at 8:30 a. m., Returning at 3:30 p. m.

Postmaster C. A. Potter and the new rural carrier, Arthur W. Lodge, will go over the new route today (Friday) on a tour of inspection and to permit

Mr. Lodge becomes familiar with the route.

planned at present the carrier will leave the Danielson office about 8:30 a. m. and reach the office on the return trip about 3:30 p. m.

A. H. ARMINGTON

Elected President of Volunteers and Battery A Association.

Amos H. Armington of Danielson has been elected president of the Second Rhode Island volunteers and Battery A association. The honor came as a distinct surprise to Mr. Armington and was conferred at the 18th annual reunion of the association recently held at Pawtucket, R. I.

The reunion was one of the most notable in the history of the organization and the veterans attending were most cordially received by the Merchants' association of the city, headed by Mayor Kenyon.

The majority of the members of the association live in Providence and vicinity, but a few members live in this section. One year the annual reunion was held at Alexander's lake and Mr. Armington is considering inviting the association to come here for their reunion next year.

In selecting Mr. Armington as president, the association picked a man who is a veteran with a war record to be proud of, and who has seen the hardest kind of service as a member of Battery A, First brigade, Rhode Island light artillery. He stood by his guns at Gettysburg, battling against the frightful charge of Pickett's desperately brave men and on many other battle swept fields he has fought with signal bravery with the men who know him well enough to honor him with election to the highest office in their organization.

WILLIAMSVILLE-MANCHAUG.

Game at Dayville Arranged Two Months Ago.

Dayville is not to blame because the Williamsville and Manchaug teams are going to play a game on the league grounds in Dayville next Saturday afternoon. This statement is made on the authority of one of the members of the Dayville baseball association, a man who is familiar with the facts in the case.

The game was arranged for two months ago by Manager Clark of the Williamsville team and that was long before there was any talk about transferring the Norwich-Taftville team to Danielson.

Circumstances created a wrong impression as to the interest of Dayville in the matter and all interested realize that it was simply an unfortunate conflict of dates, occurring in a way that no one could foresee.

WORSTED COMPANY

To Start Mill Monday—Will Run Night and Day.

The mill of the Danielson Worsted company, which has been closed for more than a year, will resume operations next week and will run night and day. Cassius Chase of the company was out Thursday looking up hands and they will be put to work Monday morning.

The mill will give employment to about forty hands on a class of work that will insure good wages. Fine worsteds will be manufactured and the market prospects are so much better than they have been as to seem to guarantee the continuous operation of the mill on a profitable class of work.

It will probably require several days to get all the help together and to get the mill going full blast, but when they get going the machines will hum along for twenty-four hours a day and some of the lost time will be offset.

WATER POWER COMPANY

May Utilize Privileges in Several Ways.

The Killingly Power company, which was recently incorporated and granted a charter by the legislature, may mean more to Killingly in an industrial way than is indicated on the surface.

The company owns four water privileges at East Killingly, with a total possible horse power of 250. These water privileges have been bought up in the past few years by the Crystal Water company and are now held by the new company, the interests of which are similar to those identified with the water company.

The water privileges mentioned were all at one time used in developing power for the operation of cotton mills along the waterway of which they form a part.

It is understood that it would be possible to develop sufficient power from them to operate the projected electric road from Attawaugan crossing to the village of that name and to Ballouville or for the Providence and Danielson road. Other plans for the use of the power are being considered.

KENTUCKY GIRLS

Secured for Pentecostal Evangelical Work.

The members of the Pentecostal church have pitched their mission tent on the spot at the upper part of Reynolds street that it occupied last year and the first service was held in it last evening. The tent will remain there during August and perhaps longer if the weather remains favorable.

Rev. Mr. Armstrong said Thursday that he had been able to secure the services of Mrs. Crow and Miss Kell, two sisters, known as the "Kentucky girls," who inspired remarkable attention by their evangelistic work at the recent camp meeting at Douglas.

They will be in Danielson from September 19 to October 3. Mr. Armstrong will make arrangements for the use of some large hall while they are in town, in order that all who wish to attend may be accommodated.

SHARPSHOOTERS COMING.

Rifle Team for Camp Perry to Practice

The entire rifle team selected in the competitive shoots to represent Connecticut in the national rifle matches at Camp Perry, O., is coming to Danielson for four or five days of practice shooting, just before they leave for their western trip.

They will use the range of the Thirtieth company, which is one of the best in the state. During their presence here there will be some consistent effort on the part of the men in order that they may be in the best possible trim to make a good showing for the state.

Each man will be given a liberal supply of ammunition and the range will be a busy place while they are here.

The team will probably leave for Ohio from Danielson.

About the Borough.

The Nadel Arbeit entertained male relatives and friends at a men's night at the cottage of Charles S. Dayton and B. C. Hopkins at Alexander's lake Tuesday evening. One of the features of the evening of pleasure was a trip about the lake in the launch owned by Mr. Dayton.

The members of the Bohemian club are anticipating an enjoyable outing when their annual clambake is held

on a date, sometime during the coming month.

The Baptist Sunday school attendance is so satisfactory as to indicate that the Danielson church will be able to make the best showing of any in the Ashford association during the present year.

H. M. Hovey, who was principal of Kingsley high school during the past year, is spending the summer at Jamestown, R. I. Mr. Hovey has not as yet made arrangements to teach during the coming school year.

The last of the hay crop is being cut and stored this week. The quantity and quality have been above the average in this section and the farmers have been favored with exceptionally good weather during harvesting.

Trackmen of the New Haven road have been out this week fighting against numerous fires that have caught along the railroad in this section of the country.

PUTNAM

Child Falls Out of Bed, Dislocating Shoulder—Husband of Seven Weeks Jailed for Non-Support—Wild West Show Signed for Fair.

Rev. Fosdick Harrison, pastor of the Congregational church at Townsend, Mass., will speak at the Congregational church in this city Sunday.

Ex-Representative Albert L. Mansfield is ill at his home.

John Geeson has closed his market until October.

Mrs. F. G. Letters is visiting at Buttenwoods, R. I.

Miss Elta Hodges of Somerville, Mass., is the guest of Mr. and Mrs. George Gilpatrick.

Frank A. Leach of Dorchester was in Putnam Thursday.

Mrs. Marshall Kenyon has gone to Ana Arbor, Mich., to spend several weeks with relatives.

Shoulder Dislocated.

Edgar Lucier, 3 son of Mr. and Mrs. Frank Lucier, has a dislocated right arm as the result of falling out of bed.

Mr. and Mrs. M. M. Dwyer and children will leave Sunday to spend a vacation of two weeks at Winthrop beach.

Honors for Visitor.

Attorney James E. Merrill, who has many friends in this city, has been named as judge of the city court of New Britain.

Henry N. Benoit is going to Old Orchard, Me., for a vacation of two weeks.

Archibald Macdonald, who has been at Los Angeles as a delegate to the national reunion of Elks from Putnam lodge, is expected to arrive at his home here Saturday or Sunday.

W. R. C. Outing.

A. G. Warner Woman's Relief corps will have an outing and picnic party at Alexander's lake August 5.

MARRIED SEVEN WEEKS.

William Fall Fined for Non-Support.

William Fall was given a sentence of 30 days after a hearing on a charge of non-support in the city court on Thursday morning. Fall has been married about seven weeks.

Saturday's Games.

Games scheduled in the Eastern Connecticut league for Saturday are Putnam at North Grovesdale, Dayville at Danielson, Wauregan at Jewett City.

A large number of fans will go to North Grovesdale from this city and they are looking for one of the best games of the season, as both teams are exceptionally strong.

Factory Completed.

The factory of the Dean Novelty company at the north end of the city is practically completed and will be ready for occupancy in a short time.

Flowage Claims Always Adjusted.

Putnam people who own land along the Quinebaug river south of this city are investigating the prospective extent of flowage that they will be subjected to by the building of the new dam at Cotton's bridge. It will probably not be very extensive but whatever it is the Danielson Cotton company, owners of the dam, will probably pay on a fair basis of adjustment.

This company has paid many flowage claims on the Assawaga river between Danielson and Elginville.

K. OF C. DEGREE TEAM

To Be Appointed by Deputy John J. McGarry.

Mayor John J. McGarry, recently appointed deputy of the fourth district of Connecticut, has decided to appoint the members of a K. of C. degree team which will be developed for work during the winter months. The team will be representative of the various councils of the district, which embraces Putnam, Williamstown, Danielson, Wauregan and Moosup.

WILD WEST SHOW

Formally Engaged to Appear at Coming Fair.

A contract was signed in this city Thursday by representatives of the Putnam Park and Fair association and the agent of a wild west show which is to be brought here as the big attraction for the annual exhibition and fair.

This will be the greatest innovation of the year. The show is said to be the real thing and has a band of real Sioux Indians from their government reservation as a star attraction.
